

Eco Architect Design Forum

FREE FORUM TO ASK YOUR HOUSING QUESTIONS

Ever wanted to ask the experts but never knew who to ask?

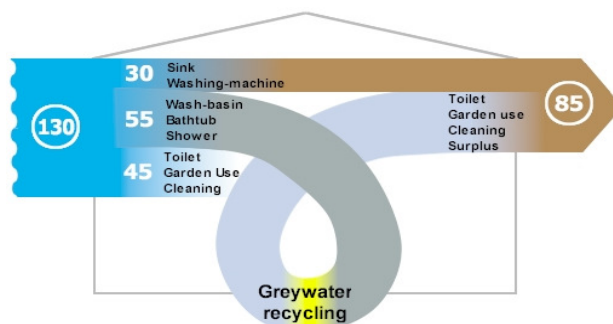

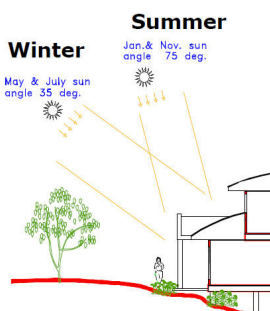

Then we've got a solution for you?

An experienced panel of eco designers, architect and energy star assessors will be ready to answer your questions.

- How to stop your house being so hot in summer?
- Thermal mass, how does it work, where should I put it?
- Rainwater and Grey Water systems
- Natural cooling and heating techniques
- Fresh air ventilation and draft proofing your home
- Double glazing, curtains and shade
- What rebates are available to help me?
- Home Energy Star Assessments— What matters most?

The Panel

Andrew Tidswell	Registered Architect
Ian Dolman	Sustainable Building Designer
Jack Metcalf	Eco Home Building Designer and Consultant
Allan Johanson	Designer and BCA Energy Rating Assessor
